**TO WHOM IT MAY CONCERN
REGARDING MR GRAHAM DANIELS**

I have known Graham Daniels for over 20 years. During this time Graham has always been open, honest and enthusiastic about whatever he is involved in. His attention to detail is outstanding, as is his ability to co-ordinate many people and tasks to achieve a positive outcome under pressure. Graham is one of the few men I know that I trust unconditionally.

Graham has on occasions provided me with extremely timely and sound financial advice. He prides himself on being free from debt and has always put the needs of his family and friends before himself. My company has been in business for 150 years, which is a major achievement. I happily and gratefully acknowledge the contribution that Graham has made in assisting me with independent, commonsense and wise advice.

I am positive that Graham will excel in his business dealings as well as in his personal and family life. I therefore recommend him to you unconditionally as a man with impeccable honesty, integrity and morality.

Yours Sincerely

David John Parken, B.Arch, RAIA
