

2 February 2001

TO WHOM IT MAY CONCERN

I am writing to confirm that I have known Graham Daniels for at least 20 years. I regard him as a longstanding friend who has incredible people skills and expresses much creativity in helping and supporting people to realise their goals.

I have worked with Graham through the World Centre for Entrepreneurial Studies (established in Adelaide, South Australia) founded by his father, world-renowned motivational speaker, Peter Daniels. Peter and Graham have developed this Centre over a number of years and their efforts have produced numerous publications and motivational programs that have been widely accepted around the world.

Graham has also established his own organisation, Australia Fair, which distributes strategic information, precious metals and life enhancement products to encourage and assist individuals to become debt free. People associated with Australia Fair are encouraged to focus on family unity and harmony as a priority in achieving their life goals. Graham sets an outstanding example in espousing strong family values through his own family in following the wonderful example of his parents who have carried this message to countless thousands of people around the world.

Graham is strongly people oriented and is sought out by people from all walks of life for counsel because of the balanced way in which he faces life's problems. I have heard numerous testimonies from people who have been greatly helped and transformed through Graham's integrity and wise counsel.

I count it a privilege to commend Graham and his organisation to you knowing that if you choose to use any of the services offered by Australia Fair that the highest standards of integrity and credibility will be afforded to you.

Yours faithfully

Dennis Slape
Executive Director
